# Desktop Tools: Area Snapshot

## Desktop Tools

Opening the **Desktop Tools** minimizes your flipchart and opens a small **Wonder Wheel** that holds a host of helpful tools.

## Area Snapshot

1. From the main tool box, select **desktop tools**
2. Select **> Camera >> Area Snapshot**
3. From top left to bottom right, click & hold to choose snapshot area
4. Move the Camera Snapshot Menu out of your way as needed
5. Choose "Current Page" or send the snapshot to your clipboard for later pasting
6. Re-enter flipchart page by selecting **Return to Flipchart** from the Desktop Tools Wonder Wheel
