# Edit a Mirrored Course

When you set up mirrored courses in your schedule, changes in the plans for one course will also be changed in the mirrored course. If you need to make adjustments to a mirrored course, you can stop mirroring the course to alter the plan on a lesson by lesson basis.

1. Navigate to the mirrored course that you want to make adjustments to. Click on that course. A menu of icons will appear in the grey box with the course title.

2. Click on the Stop Mirror icon to edit the lesson.

3. The pop-up explains that this process will stop mirroring for this lesson only. Click the OK button.

Now you can edit the either course and the changes will no longer be shared for this date’s lesson only. When you move on to other days’ plans, the courses will be mirrored again.
