Creating a Group/Posting

Creating an Account

To create a free Edmodo account:
1. Visit http://www.edmodo.com
2. Click the "I'm a Teacher" or "I'm a Student" button
3. Complete the simple sign-up form

Please Note: In order for students to complete the sign-up process they MUST have the Group Code provided to them by their teacher.

Joining a Group

To join a group:
1. Click "Join a Group" on the side bar
2. Enter the Group Code
3. Click "Join Group"
4. Note: If a group is closed it will not appear in your list of Groups

The Post Bubble at the top of the page allows you to send a note, alert, assignment, or poll to one or more of your groups. On notes and assignments, you can attach files and links from your computer or Edmodo library. All files or links posted will automatically be added to your library, and links to give your links good descriptions!

You can also insert a student, teacher, or group(s) into your notes. Simply click Send.

Dear Parents:

As you may know, this year we’ve been using Edmodo in our classroom. Edmodo is a safe social learning platform that lets our class connect both at school and from home.

I am pleased to announce that Edmodo Parent Accounts are now available, and I’d like to invite you to join our classroom online.

With your Parent Account, you can:

- Send messages to your child and me, either together or individually
- View homework assignments and due dates
- Stay up to date on your child’s grades
- Receive updates on class and school events

3. Type in your child’s code field, then create your password. After you sign up for the first time, you will no longer need the parent code to log in, and will simply use your username and password.

4. Select “Sign Up”. That’s all there is to it!

Note: Once you have registered, be sure to set your notifications in the Settings menu so that you can receive alerts and important classroom updates via email and/or text message.
