Erase & Reset an iPad

Reset the iPad - Wipe it Clean

If you reset the iPad, everything will be erased. Make sure you have saved your images & videos to a secure location before resetting.

1. Select General from menu on the left
2. Select Reset from the right - you may need to scroll down

You will need to select Erase two more times

Set Up as New iPad

1. The Hello screen will greet you
   - Select your language
   - Select your country

Choose a wifi network to join so you can continue the set up. If you are in district join the LCISD-Guest network.

Follow the prompts and it will guide you all the way through the process. For help with additional options presented, refer to the box to the right.
