Creating a Teacher Account

All you need to get started is a teacher account. And all you need to create a teacher account is your printed Teacher’s Edition and an internet connection.

How to Create a Teacher Account

To create an account:
1. Go to http://my.hrw.com
2. Click on the orange “Register” button, shown in the image to the left.
3. Select “Teacher in a US School” in the dropdown menu and click the “Register” button to continue.
4. Fill in your personal information and choose a username and password. Make sure you choose a username and password that you will remember.
5. Read the Terms of Use and click the “I Agree” button to continue.
6. Select your school from the dropdown menu and then enter the ISBN from the back of your book. The ISBN is a 13-digit number that can be found on the back of the book above the barcode, shown in the sample image to the left.
7. You will be then be asked for a secure word. These secure words can be found on a specific page inside your printed Teacher’s Edition.

Adding Additional Books to Your Account

You only need to create a new user account one time. Once you have created your account and log into the system, you will notice a portion of the screen on your home page like the one to the left. You can enter the ISBN numbers for additional books in the box provided and click “Submit.” This will place all of the books you need under a single login.
