

How Students Join Options

1. **Anonymously** – student responses do not contain names; student responses will appear on the screen, but there is no association to who sent the response
2. **Enter name** – students will type their own name into the system upon logging into the Extreme Collaboration site
3. **Use class list** – students sign in with teacher designated names

Session

How students join ?

- Anonymously
- Enter name
- Use class list

Session Options

1. **Insert QR Code** – inserts a QR code onto the page that connects the student directly to the login page with the Session ID already typed in
2. **Students can join** – allows or forbids students to joining the session
3. **Stop session** – ends the active collaboration session

ID: 86253441

Visit icafe.com, enter ID: 86253441

Insert QR Code ?
