You can access the Waterford Early Learning activities in both the Reading and Math/Science courses for use with students in a whole group setting or small group rotation/center time. The material can be used on the computer or an interactive white board for lesson introductions, extra practice etc., without utilizing any of your campus Waterford licenses.

**Accessing the Waterford Curriculum via the Early Learning Manager**

1. Launch Waterford Early Learning Manager (NOT the Student App).
2. Log In
   - Your username is your LCISD Username and your password is Teacher1 (case sensitive)
3. Click on the Curriculum Tab

**Searching Activities**

4. Search for activities using key words in the Activity Search Fields and specify the type of activity you are looking for:
   - You can customize your search to narrow the results by selecting a specific field.

**Open/Play Activities**

5. Click the play button to open or begin the activity.
