

You can access the Waterford Early Learning activities in both the Reading and Math/Science courses for use with students in a whole group setting or small group rotation/center time. The material can be used on the computer or an interactive white board for lesson introductions, extra practice etc., **without utilizing any of your campus Waterford licenses.**

Accessing the Waterford Curriculum via the Early Learning Manager

1. Launch Waterford Early Learning Manager (**NOT** the Student App) by double clicking the icon on the desktop or navigating in your web browser to waterford.lcisid.org

2. Log In
