## How to Find a Computer’s PC Name - or - Service Tag Number

The **Service Tag Number** of your computer is listed **on a sticker** that can typically be found:

- On the side or back of your **Desktop Computer**
- On the bottom of a **Laptop**

If you are able to turn on, and log in to your computer/laptop you may not have to search for your Service Tag sticker. The **PC Name** should be **listed on the bottom right hand corner of your desktop wallpaper.**
